MECHANICAL BIN SCALES & ACCESSORIES

MECHANICAL BIN SCALES (SPINKS)

CATALOG #	ITEM DESCRIPTION	SHIP WEIGHT LBS.	SHIP WEIGHT KG.	LIST PRICE
415473	10,000 lb. Mechanical Bin Scale for 6' & 7" Bins - Includes Beam Box (415475 Adapter Kit Required for Use With 7' Bin)	360.0	163.3	
415442	5000 lb. Mechanical Bin Scale for 6' & 7' Bins - Includes Beam Box (415475 Adapter Kit Required for Use With 7' Bin)	353.5	160.3	
415593	Scale Conversion Kit: 5,000 lbs. to 10,000 lbs.	40.0	18.1	
415520	2300 kg. Mechanical Bin Scale for 6' & 7' Bins - Includes Beam Box (415475 Adapter Kit Required for Use With 7' Bin)	340.0	154.2	

CHAIN FEEDER CONTROLS FOR BIN SCALES (SPINKS)

CATALOG #	ITEM DESCRIPTION	SHIP WEIGHT LBS.	SHIP WEIGHT KG.	LIST PRICE
415488	CC-HR Chain Feeder Control Box for Bin Scale 2 Channel Clock - operates bin scale & feed line fill systems; feed line is controlled by digital time clock; 2nd channel of clock is not wired to a relay but is available to use. Controls fill system from the supply as well as the fill system(s) form the weigh bin to the feed line(s) in the house. The time clock controls the hen feed line(s) in the house and has an additional relay to control the rooster feed line(s). (000102)	11.0	5.0	
415443	CC-H Chain Feeder Control Box for Bin Scale 2 Channel Clock - operates bin scale & feed line fill systems; feed line is controlled by digital time clock; 2nd channel of clock is not wired to a relay but is available to use. Controls fill system from the supply bin as well as the fill system(s) from the weigh bin to the hen feed line(s) in the house. The time clock controls the hen feed line(s) in the house. (000100)	9.9	4.5	
415491	CC-HL2 Chain Feeder Control Box for Bin Scale 2 Channel Clock - operates bin scale & feed line fill systems; feed line is controlled by digital time clock; 2nd channel is wired to 2 relays for secondary operation, normally used for lights. Controls fill system from the supply as well as the fill system(s) form the weigh bin to the feed line(s) in the house. The time clock controls the hen feed line(s) in the house and has two additional relays for cases where more than 30 amps are needed. (000103)	11.0	5.0	
415492	CC-4HLWW Chain Feeder Control Box for Bin Scale 4 channel control for feed lines, lights, water, and rooster winch. Please specify the number and type of lights. (000105)	13.0	5.9	
415489	CC-SD Chain Feeder Control Box for Bin Scale Used for pullets when skip-a-day feeding is required. One alternating relay is controlled by channel 2 and is used for every other day feeding (NOT 2 days off & 3 days on). Also has a manual control switch which allows changing from skip-a-day feeding to everyday feeding and back again without reprogramming the clock. (000104)	11.0	5.0	
415522	CC-H Chain Feeder Control Box for Bin Scale - No Clock Operates bin scale, fill system, and feed line. Wired for manual feed line operation and/or accepts mechanical time clock. (000101)	4.8	2.2	

All controls work for 50HZ or 60HZ applications.

Controls for 3 phase, international voltages, and other applications are available -- call for pricing.

All controls can be easily upgraded in the field.

BIN TRAC® LOAD CELL WEIGHING SYSTEMS
HOW TO ORDER

BIN TRAC® LOAD CELL WEIGHING SYSTEMS

1 Select one Bin Trac Load Cell Kit for each feed bin. See next page for listing of components included with each kit.

2 Select power supply and display console. Each power supply & **Standard** display console can can be used for 1-4 bins. (More than four bins require additional consoles and power supplies.) One power supply & one **Breeder** display control is required for each weigh bin. Dual Breeder display controls may be used to operate 2 separate augers while using 1 set of load cells. 1 optional auger relay kit per breeder display control.

3 Select Optional Remote Radio. A) 1 Communication Kit may be used for up to 99 bins.
B) 1 Base Radio for each Communication Kit.
C) 1 Remote Radio per power supply/summing box
D) Necessary length of Base Radio Interface Cable
E) Necessary length of Remote Radio Interface Cable
F) BinLink license

LOAD CELL & LEG BRACKET UNITS

6,500 lb. (2,948 kg.) Load Cell (4), Bracket (4) & Anchor Bolts (8)

10,000 lb. (4,536 kg.) Load Cell (6), Bracket (6) & Anchor Bolts (12)

15,000 lb. (6,804 kg.) Load Cell (8), Bracket (8) & Anchor Bolts (16)

1 BIN TRAC® LOAD CELL KITS

CATALOG NUMBER	ITEM DESCRIPTION	SHIP WEIGHT LBS.	KG.	LIST PRICE
502107	Kit for Bins 6' and 7' **Weigh Bins*** - Includes 4 - 5,000 lb. (2,268 kg.) Load Cells, Brackets & 8 Anchor Bolts	89.8	40.7	
502100	Kit for Bins 6' x 1-4 Rings and 7' x 1-4 Rings - Includes 4 - 10,000 lb. (4,536 kg.) Load Cells, Brackets & 8 Anchor Bolts	171.7	77.9	
502101	Kit for Bins 7' x 5-6 Rings - Includes 4 - 10,000 lb. (4,536 kg.) Load Cells, Brackets & 8 Anchor Bolts	89.8	40.7	
502102	Kit for Bins 9' x 1-4 Rings - Includes 6 - 10,000 lb. (4,536 kg.) Load Cells, Brackets & 12 Anchor Bolts	261.6	118.6	
502103	Kit for Bins 9' x 5-6 Rings - Includes 6 - 10,000 lb. (4,536 kg.) Load Cells, Brackets & 12 Anchor Bolts	134.0	60.8	
502105	Kit for Bins 12' x 1-4 Rings - Includes 8 - 10,000 lb. (4,536 kg.) Load Cells, Brackets & 16 Anchor Bolts	177.8	80.6	
502106	Kit for Bins 12' x 5-7 Rings - Includes 8 - 15,000 lb. (6,804 kg.) Load Cells, Brackets & 16 Anchor Bolts	289.8	131.5	

Bin Trac® Load Cell Kits are sold for use with VAL-CO feed bins only. Leg reinforcement brackets are included. Use of these Load Cell Kits or Components on non-VAL-CO feed bins may void the manufacturers warranty. VAL-CO accepts no liability whatsoever for the use of these Load Cell Kits or Components on non-VAL-CO feed bins.

Note: Kits contain 1 load cell and mounting bracket per leg, summing box (standard), cable ties, and wire.

*For use with breeder scale weigh bins that require greater load cell resolution.

SENTINEL® BROILER SCALES

How To Order Broiler, Broiler Breeder, and Turkey Scales

1. Select Number of platform scale kits (BE-SSP-300) desired per poultry house.
2. Select load cell and converter (BE-SSLC-50KG). **One required per scale platform kit.**
3. Select controller BE-SSC-101 to connect 1-4 scale platforms all within 1-4 houses,
4. or select controller BE-SSC-201 to control/connect up to thirty BE-SSC-101 controllers totaling a max of 99 scale platforms.
5. Select Communication Board (BE-SSCB-102 Required for PC communication)
6. Order BE-SSS-001 PC Communication Software for Controller BE-SSC-101.
7. Order BE-SSS-002 PC Communication Software for Controller BE-SSC-201.
8. Select size and number of Calibration weight(s) (BE-SSW-30). **Only one (set) required per site.**
9. Select any additional accessories.

| CATALOG #	ITEM DESCRIPTION	SHIP WEIGHT		LIST PRICE
		LBS.	KG.	
BE-SSP-300	Platform Kit - Platform & Mounting Hardware (Shipped in two cartons - base & pole)	16.0	7.3
